SUMMARY

Computer Engineering student skilled in full-stack development with expertise in JavaScript, HTML, CSS, React.js, and Node.js. Experienced in academic projects applying algorithms and system design, with a passion for building practical solutions.

PROJECTS

Spotify Web Application (Responsive) - HTML, CSS, JS 2025

- Developed a responsive music streaming website inspired by Spotify using HTML, CSS, and JavaScript.
- Designed interactive UI components including navigation bar, playlist section, and player controls.

Food Ordering Application - Android Studio, Firebase 2024

- Built a mobile application for food ordering with features like menu browsing, cart management, and order placement.
- Integrated Firebase Realtime Database for storing user data, orders, and product details.

TMS - Tourist Management System - PHP, MySQL, HTML, CSS, JS 2024

- Developed a web-based platform to manage tourist packages, bookings, and travel services using HTML, CSS, JavaScript, and PHP/MySQL.
- Implemented user registration, login, and profile management features for tourists and admins.

EDUCATION

Master of Computer Applications (MCA) (Pursuing)

- Indira Gandhi National Open University (IGNOU) – Rajkot
- Expected Completion: 2027

Bachelor of Computer Applications (BCA)

- Bhakta Kavi Narsinh Mehta University (BKNMU) – Junagadh, Gujarat
- CGPA: 8.28 / 10 | Year of Completion: 2025
